Message from the Chief Buddy Robshaw

I would like to invite everyone to the next **Chief's Advisory Board / Neighborhood Watch Meeting** that is scheduled for **Wednesday, January 18, 2006, at 7:00 PM**. This is a critical meeting in that we are developing specific committees to address community problems and issues and to develop a permanent name for this Board / Watch. We will also display some of the new equipment that we have purchased over the last months. Everyone is encouraged to bring a friend to this meeting. Refreshments will be served.

If you have had difficulty reaching me by Email and been unsuccessful, the correct address is **policechief@cheverly-md.gov**. The previous Newsletter posted an incorrect address. I encourage anyone to contact me in this manner or come up to the police station at any time. My open door policy applies to in-person or electronic visits.

Starting probably in February, the police department will post on our web site the monthly crime report. This report will indicate the number and type of crimes collected, the number of arrests, citations, and other traffic related data, the amounts of drugs, guns, and currency seized, and other information that should be of interest to all Town residents. In addition, we will begin posting look-out information, home safety and crime prevention tips, and we will begin to enhance the web site with pictures and photographs.

The police department recently received \$6,000 in grant monies from the Maryland State Highway Administration for traffic and pedestrian safety enforcement. Part of this money will be applied to the annual "Smooth Operator" enforcement program, and part of this funding will be directed toward pedestrian violations in the vicinity of Landover Road and Kilmer Street. As many of you know, this is a very dangerous intersection to cross with the traffic light and inside the painted pedestrian crossing lines. Unfortunately, many local residents choose to cross Landover Road away from the intersection thus creating an extremely hazardous situation. More information and safety/warning instructions will be forthcoming.

Occasionally residents and other persons call the police department complaining about the high costs associated with the impound of their vehicle. As you may be aware, the police department tows quite a few vehicles for a wide variety of reasons and contracts with a local tow company for 24-hour service. Be-

yond this contractual agreement to provide 24-hour service, however, the police department cannot regulate prices or set specific fees. Any disagreement over pricing or storage fee issues is between the vehicle owner and the tow company.

I will be providing an overview of the 2005 crime picture in the February Newsletter. In addition to this overview, I will also be discussing ways that Cheverly residents and their police can address some issues that would have a positive impact on crime in 2006. In the meantime, I wish everyone a Happy New Year and a prosperous coming year.

The 2006 stickers will be available in January at the **Police Department**.

Kids Care Club Public Service Announcement To Battle Gun Violence.

The Cheverly Kids Care Club produced a commercial video designed to build awareness about the perils of gun violence. The television public service announcement is scheduled to air in the Washington, DC area during the 2006 holiday season. The video features youngsters from the club in a play-ground setting with sound bites focusing on the fact that life is not a video game. "When you die in real life, you die," the spot espouses. There is no "reset button" in life.

Cheverly resident Richard Marchesano, who produced the spot, said "Our first step was to ask the children what bothered or disturbed them the most in their worlds today. And unanimously the kids pointed to gun violence." When asked why children thought so many were using guns, the surprising response was video games. "This theme formed both the fuel and the inspiration for this project. The commercial has already earned the endorsement of the Maryland Chapter of the American Academy of Pediatrics (MDAAP).
